A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

(“Nasdaq”) Functionality).

The aforementioned rule changes (collectively “Impacted Rule Changes”) indicated that the technology migration for ISE would commence by Q4 2023 or prior to December 2023.

### New Implementation

At this time, the Exchange proposes to delay the implementation of the Impacted Rule Changes, which all relate to ISE’s upcoming technology migration, to a date prior to December 20, 2024. The Exchange will announce the initial migration date and symbol rollout schedule to Members in an Options Trader Alert.

The Exchange proposes to delay the migration to allow the Nasdaq GEMX, LLC (“GEMX”) migration<sup>7</sup> to complete and thereafter allow the Exchange and its Members additional time to prepare and test the new ISE functionality.

## 2. Statutory Basis

The Exchange believes that its proposal is consistent with section 6(b) of the Act,<sup>8</sup> in general, and furthers the objectives of section 6(b)(5) of the Act,<sup>9</sup> in particular, in that it is designed to promote just and equitable principles of trade and to protect investors and the public interest for the reasons discussed below. The Exchange proposes to delay the implementation of the Impacted Rule Changes, which all relate to ISE’s upcoming technology migration, to allow the GEMX migration to complete<sup>10</sup> and thereafter allow the Exchange and its Members additional time to prepare and test the new functionality. The Exchange believes that the delay is consistent with the Act because the additional time will allow the Exchange to ensure a successful ISE migration while protecting investors and the public interest by allowing the

Exchange and Members more time to prepare and test.

The Exchange notes that the substance of the impacted rules is not changing, only the implementation timeline is changing with this proposal.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The Exchange's proposal to delay the implementation of the Impacted Rule Changes does not impose an undue burden on competition. The proposed delay will allow the GEMX migration to complete<sup>11</sup> and thereafter allow the Exchange and its Members additional time to prepare and test the new functionality.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or
